Northwind Trading - IT Service Desk Guide (fictional sample for evaluation)

Section 1. Contacting the Service Desk
The IT Service Desk is open from 8:00 to 18:00, Monday to Friday. Call extension 4400 or raise a ticket in the Service Portal. Outside opening hours, only P1 incidents are handled, through the on-call line on extension 4499.

Section 2. Ticket Priorities
Every ticket is given a priority when it is logged.
P1 - a whole site or a critical system is down. First response within 15 minutes; resolution target 4 hours.
P2 - a team cannot work. First response within 1 hour; resolution target 1 business day.
P3 - one person is affected but has a workaround. First response within 4 hours; resolution target 3 business days.
P4 - a request or question. First response within 1 business day; resolution target 10 business days.

Section 3. Passwords and Sign-in

Passwords must be at least 14 characters long. Passwords expire every 365 days, and the last 10 passwords cannot be reused.

After 5 failed sign-in attempts the account is locked for 15 minutes.

Multi-factor authentication (MFA) is required for email and for the VPN. MFA codes must come from the approved authenticator app; codes sent by text message are not accepted.

Section 4. Remote Access (VPN)

The GlobalConnect VPN client must be used whenever company systems are accessed from outside the office, including on public Wi-Fi.

VPN sessions are disconnected automatically after 12 hours and must then be started again.

Section 5. Sign-in and VPN Error Codes

VPN-401: your password has expired. Reset it in the Service Portal, then reconnect.

VPN-403: your account is not in the VPN access group. Ask your manager to request VPN access.

VPN-408: the connection timed out. Check your internet connection and try again.

VPN-418: the device certificate has expired. Bring the laptop to the Service Desk to renew it.

LGN-101: the account is locked after too many failed sign-in attempts. Wait 15 minutes or call extension 4400.

LGN-110: the MFA code was rejected. Check that the date and time on your phone are set automatically.

LGN-111: no MFA device is registered. Register the authenticator app in the Service Portal.

Section 6. Equipment

Standard laptops are replaced every 4 years. A second monitor is available on request with the manager's approval.

A lost or stolen laptop or phone must be reported to the Service Desk within 24 hours. The device is then locked and wiped remotely.

Section 7. Software and Administrator Rights

Software may only be installed from the Company Portal. Administrator rights are not given to standard users; developers may receive them with written approval from IT Security.

Company data must not be stored in personal cloud storage accounts.

Section 8. Backups

Files saved in the company cloud drive are backed up every day and backups are kept for 30 days. Files saved only on the laptop's local disk are not backed up.

Section 9. Leaving the Company

The laptop, phone and access badge must be returned on the last working day.

User accounts are disabled at 18:00 on the last working day. The mailbox is kept for 90 days and then deleted. Email forwarding is not set up for people who have left.
